Subject: Delta Nutrient Research Plan and Notice of Public Hearing
Attachments: delta nutrients_noph.pdf

This is a message from the California Regional Water Quality Control Board, Central Valley (5).

Delta Stakeholders,

The Delta Nutrient Research Plan is now available on the Central Valley Water Board's website:
https://www.waterboards.ca.gov/centralvalley/water_issues/delta_water_quality/delta_nutrient_research_plan/

This document was finalized based on comments received on the draft plan, which was released in January 2018. The January document and written comments received are also posted. The time and efforts that the Delta Nutrients Stakeholder and Technical Advisory Group contributed to the development of the plan are very appreciated.

During its meeting on August 2nd and 3rd, the Central Valley Regional Water Quality Control Board will consider a resolution to approve the Delta Nutrient Research Plan and direct staff to initiate actions in the plan. The Notice of Public Hearing for consideration of the resolution is attached. You may check the Water Board's webpage for the Board meeting calendar: https://www.waterboards.ca.gov/centralvalley/board_info/meetings/

Please contact Janis Cooke at 916 464 4672 or by email at Janis.cooke@waterboards.ca.gov with any questions.
